Hi Rose,

If I understand your question, I believe that this product is purchased from Spectrum and then sold as a distributor product.

So whoever owns the registration can buy from Spectrum until Nov 1, 2013.

They can sell that product either until 9/1/2014 or until Reckitt's last sales date – whichever is later.

Thanks,
Laura

Subject: Question about FR Notice (distributor products)

We have a distributor product registered (**REALEX DIV OF UNITED**

INDUSTRIES CORP 8845-127-478 Real-Kill Rat Killer Placepacks).

Do they follow the Reckitt Benckiser dates (deadlines) or the "by persons other than the registrant" dates?

Thank you.

Notice of Receipt of Request To Voluntarily Cancel Certain Pesticide Registrations

AGENCY: Environmental Protection Agency (EPA).

SUMMARY: In accordance with the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), EPA is issuing a notice of receipt of requests by a registrant to voluntarily cancel certain pesticide registrations. EPA intends to issue a cancellation order granting these requests at the close of the comment period for this notice. If these requests are granted, any sale, distribution, or use of products listed in this notice will be permitted after the registration has been canceled only if such sale, distribution, or use is consistent with the terms as described in the final cancellation order.

DATES: Comments must be received on or before April 12, 2013.

1. For product registered under EPA registration number 8845-127:

i. Cancellation of this registration will become effective on August 1, 2013. The registrant has agreed to a cap upon production of product between January 30, 2013, and July 31, 2013. All subsequent conditions are contingent on the registrant abiding by the terms of this production cap.

ii. The registrant will be permitted to sell and distribute stocks of 8845-127 until November 1, 2013. After November 1, 2013, the registrant will be prohibited from selling or distributing the product, except for export consistent with FIFRA section 17 or for proper disposal.

iii. Existing stocks may be sold and distributed by persons other than the registrant until the later of the following two dates:

a. September 1, 2014; or

b. The last date for which sales of rodenticide products (including existing stocks) registered by Reckitt Benckiser that are subject to the Notice of Intent to Cancel signed by EPA on January 29, 2013, remain legally permissible under FIFRA.

Users will be allowed to use existing stocks until such stocks are exhausted, provided that such use is consistent with the terms of the previously approved labeling on, or that accompanied, the canceled product.

Cancellation of these registrations shall become effective on April 12, 2013.

Upon cancellation, EPA intends to prohibit all sale or distribution of existing stocks of these products by any person, except for export consistent with FIFRA section 17, proper disposal, or return to the person from whom the product was purchased.
